Color Duplex Document Scanners

High scan rates and ultra-reliable performance that adapts to almost any situation

- ▶ Fast scanning — up to 57 ppm/114 ipm in color and monochrome at 300 dpi
- ▶ Unique rotating automatic document feeder (*fi*-5750C) or dual control panels (*fi*-5650C) give equal access to left- and right-handed users
- ▶ Robust duty cycle of up to 8,000 documents per day
- ▶ Ultrasonic double-feed detection ensures accurate scanning
- ▶ Enhance productivity with Fujitsu service and support

THE POSSIBILITIES ARE INFINITE

fi-5650C/fi-5750C

Color Duplex Document Scanners

Speed and reliability ideally suited for production environments.

With high scan rates of up to 57ppm/114 ipm (300 dpi), onboard JPEG compression, and duty cycles of up to 8,000 documents per day, the Fujitsu fi-5650C and fi-5750C scanners combine performance and dependability to create outstanding production scanning solutions. They also scan at 71 ppm/142 ipm in landscape orientation and feature an optical resolution of 600 dpi for amazing image detail.

For greater convenience, a rotating ADF or dual control panels allow operation from either side, while dual, high-speed interfaces (Ultra SCSI and USB 2.0) provide easy connectivity. A proven, reliable, 200-page automatic document feeder (ADF) with Ultrasonic double-feed detection that accepts documents ranging from 2.1 in. x 2.9 in. up to 12 in. x 18 in. enhances productivity.

The Fujitsu fi-5650C and fi-5750C scanners come with TWAIN and ISIS® drivers and are also bundled with the full versions of Adobe® Acrobat® 7.0 and ScandAll 21 software. In addition, both scanners are certified with Kofax Image Controls and VRS™ technology. VRS configurations are available enabling users to improve both image clarity and optical character recognition (OCR) accuracy, delivering unmatched quality and eliminating the need to rescan document images because of its automatic check for and adjustment of alignment (skew), brightness, contrast and image clarity.

On-site service helps maximize uptime.

The fi-5650C and fi-5750C scanners include a 90-day, on-site, Limited Warranty. A free, nine-month depot service upgrade is also available (some restrictions apply). For full details on the Limited Warranty and on all service programs, go to www.ImagingService.com or call (800) 301-9475.
